## How Vistrata Benefits You

**Quite simply, as the CFO of a Health Plan, no other budgeting software can help you shine like Vistrata.**

As you well know, the role of the Chief Financial Officer has evolved in recent years. No longer is the CFO merely the guardian of company assets. Today, the CFO is forward-thinking and results-oriented. Today, finding ways to maximize revenue, while keeping expenses low, is one of your chief responsibilities.

As the CFO, Vistrata allows you to:

- Quickly compare actual vs. budgeted expenses.
- Uncover major medical expense cost drivers.
- Provide detail dashboards that show cost and utilization variances.
- Remove spreadsheet errors.
- Create efficiencies that streamline your budget process.
